Jaivik Parekh

Jaivik1320

SKILLS

C	C++
Python	PHP
Javascript	React.js

OTHER TECHNICAL

VsCode	HTML
CSS	Github
SQL	WordPress

CERTIFICATIONS

IT Support Specialist Google	Problem-Solving HackerRank
Python HackerRank	C++ HackerRank
Internet of Things Stanford University	Project Management Duke Univeristy

RELEVANT COURSEWORK

Data Structures and Algorithms	Object Oriented Programming
Computer Networks	Database Management
Operating Systems	High-Performance Computing
Artificial Intelligence	Big Data Analytics

SOFT SKILLS

Communication	Organizational
Problem-Solving	Work Independently
Collaborative	

HIGHLIGHTS OF QUALIFICATIONS

- Currently enrolled in the Master of Engineering Co-op program in Systems and Technology at McMaster University, eligible for a 4-12 month Co-op starting in May 2024.
- Experience with Python, C++, and C programming with knowledge of software development and IOT gained through course, lab work and projects.
- Strengthened analytical and problemsolving abilities to identify problems and implement corrective solutions using fundamental engineering techniques acquired through course and project work.

EDUCATION

McMaster University	(September 01, 2023 - Present)
Master's, System and Technology	
LDRP Institute Of Technology Research	(July 18, 2018 - June 01, 2022)
Bachelor's of Technology, Computer Engineering	

WORK EXPERIENCE

Webmyne systems Pvt. ltd	(August 23, 2022 - April 28, 2023)
Software Developer	
<ul style="list-style-type: none">• Functioning as a software developer responsible for completing the training modules in open-source technologies.• Completed hands-on experience in HTML, CSS, Javascript, PHP, and WordPress.• On the basis of performance got the best employee award.
